

ROXWHALE

One line pitch:

Roxwhale, Google Analytics for physical stores

Market Analysis:

Our market is the analysis of the in-store customer experience. The market for In-Store analysis is currently 2.1 billion dollars. With a CAGR of 18.9%, this market will reach a size of 5.1 billion dollars in 2020. The analysis of the customer journey includes two types of analysis: - Online (e-commerce, m-commerce) - Offline (in-store) On our market segment (offline) there are two types of analyzes: - Qualitative analysis: consumer actions when they are facing shelves - Quantitative analysis: consumer movements behavior We currently focus ?on specialty hypermarkets (such as Boulanger), but we will also address home improvement hypermarkets, hypermarkets and supermarkets and malls.

Value proposition:

We help our clients optimize their retail space. This goes through: - Optimization of the merchandising policy o course indicators o merchandising recommendation engine - Measuring the impact of marketing actions - Better staff management o Predictive analysis for a better customer flow in checkout lanes o Predictive in-store traffic analysis for better management of salesmen - Improved customer experience (SDK ROXMAP: indoor geolocation/navigation system in retailer mobile app) o Product search + navigation aid in the store o Contextual and qualified promotional offers

Business Model:

Keys partners - LIRIS (research lab) - Indoor geolocation firms - Merchandising consulting firm
